

# Press Release

## City of King

**For Immediate Release**

**Contact:** Scott Barrow  
City Engineer  
(336) 983-8265

**Date:** February 9, 2020

---

The City of King had a discharge of untreated wastewater on February 9, 2020, of an estimated 9,960 gallons from “The Farm” pumping station at the end of Rolling Green Lane in the Farm Subdivision. This discharge occurred on this date and lasted approximately 5 hours. This discharge was caused by a force main break which necessitated taking the pump station off-line. The untreated wastewater spilled into Crooked Run Creek in the Yadkin River Basin. This notice is required by NC General Statute Article 21, Chapter 143.215C. For more information contact Scott Barrow at (336) 983-8265.
